Dry Stone Walling Association of Great Britain

50th Anniversary Celebrations

National Walling Competition

20th May 2018

At Kirkby Lonsdale, Cumbria

Including Inter Branch Sections

Our 50th Anniversary celebrations will include a National Walling Competition with a whole range of classes for everyone including a prestigious Inter Branch competition open to all UK and Overseas branches. All classes will offer excellent prizes and trophies.

This promises to be an amazing event with many other attractions on site during the day including an evening BBQ and live music. Camping and local accommodation is available. Arrangements for the event are still being planned and more information will be available in the coming weeks.

We are looking for sponsors of the event and would like to invite Branches to sponsor a class or perhaps a trophy or two. Maybe you know a business that would like to sponsor the event. If so, please contact the office on the details shown.

Make a note of the date and we look forward to seeing you then.
