

Dry Stone Walling Association Pinnacle Award Scheme

Title of Project	Longdene
Location	Knebworth, Hertfordshire
Built by	Hugh Drysdale BEM
Award Granted	Pinnacle
Date of Award	2000

Summary of Project

Innovative use of dry stone walling techniques in an area where there is no indigenous stone. The stone used was a red sandstone from Locharbriggs Quarry near Dumfries. The project included a waterfall feature, steps and retaining walls.

Commissioned by Lord MacLaurin of Knebworth
Designed by Ian Kitson, Landscape Architect
Presented by DSWA President, Bryan Hough
